

	Devices with PM-preventable failure modes				No PM-preventable failure modes
Level of PM-related risk	LOS 3 Serious, life-threatening injury	LOS 2 Less serious Injury	LOS 1 No injury, disruption of care	LOS 0 Negligible impact	
Potentially high PM risk devices	CMS "Critical equipment" (about 20 device types)				
Potentially moderate PM risk devices		(about 45 device types)			
Potentially low PM risk devices			(about 5 device types)		
Negligible PM risk devices				Numerous device types	
Zero PM risk devices					Numerous device types
